

Camrose Children's Centre- February 2012

Note from the Director:

Happy February everyone!!!

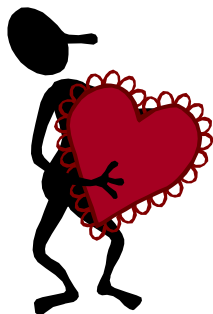

I can't believe that we are already in the second month of the year!

We are starting to take in our registrations for our Summer Program for Grades 1-12 years old. This year, Miss Daneille and Miss Cassy will be running summer program! They are planning some pretty fun things to do, so we are hoping that this should be a great summer! Just ask Tammy or Linda if you have any questions about registration.

All the classrooms have been super busy learning about animals, winter and the circus. And with Valentine's Day coming up this month, they should be really busy planning parties. If you are looking into getting Valentines to hand out, please ask your children's teachers for lists of children within each room!

Have a wonderful month!

-Tammy

This month we are learning about:

Lil' Rainbows

Barn yard animals, hearts, family and the concept of in and out.
